Inquiries : The Noh Research Archives of Musashino University noh@musashino-u.ac.jp

* Please refrain from taking pictures, audio recording, and/or video recording by any means during the play.

Request for cooperation in research and application

This event is held as a part of research on the support tool used to appreciate Noh & Kyogen subsidized by the Masaharu & Keiko Inoo Noh Promotion Fund.

A variety of supporting hardware has been developed to enjoy Noh and Kyogen. However, unfortunately the content created has not been reviewed in detail.

For the Kyogen appreciation session today, we will experiment in introducing English subtitles and will provide a questionnaire to be filled out. Through the analysis of the responses we would like to establish a methodology to produce high-quality content and develop an infrastructure to accumulate and share information.

Audiences are requested to use a tablet PC for English or Japanese subtitles and to fill out the questionnaire after the performance.

Please apply with understanding and agreeing to the purpose of this research.

Public Transportation to Musashino University Musashino Campus

Address: 1-1-20 Shin-machi, Nishitokyo-shi, Tokyo Telephone: 042-468-3111
