

Students,
Faculty and staff,
To all those it may concern

Campus Entry 【 Musashino Campus 】

At Musashino University, the way of campus has changed due to prevent the spread of COVID-19.
Please read the instructions below and enter the campus accordingly.

< Students >

- From the main gate: go straight on the narrow path to the right and enter Building #5.
 - From the north gate: go straight and enter the back door of Building #8 on your left.
 - Please check and record your temperature at the site of temperature measurement, and touch the card reader with your student card.
 - If you have a fever of 37.5 degrees or higher, please recheck your temperature. you will not be allowed to enter the campus. You should go home and rest. If you are worried about your condition, consult with a medical institution.
 - Students who come to campus by bicycle, please park it in the designated parking area (Main Gate Parking Area / North Gate Parking Area) and enter from the site of temperature measurement of Building #5 (if you enter at the main gate) or #8 (if you enter at the north gate).
- *You do not need to check your temperature when you leave the campus.

< Faculty and staff >

- Please enter from the main gate or the north gate.
 - If you enter from the site of temperature measurement, please keep the record your entry.
 - If you have a fever of 37.5 degrees or higher before you leave home, stay home and rest. If you are worried about your condition, consult with a medical institution.
- *Faculty and staff can enter as the same way students do. If you do so, you need to check your temperature and touch the card reader for faculty/staff to record your entry.

< Those who are outside of the university >

- Please enter the campus as the same way students do and check your temperature.
- *You do not need to check your temperature when you leave the campus.
